THE INSIDE SCOOP

Sweet advice gains even sweeter rewards.

Over 70 student volunteers can be found throughout campus today, and they are here to provide you with more than just directions to your next presentation.

First piece of advice — ice cream is a big deal at UConn, and it’s time to get on board.

Student volunteers are ready to provide you with the inside scoop to all things UConn, from where to study, to the best latte on campus — you ask a question, you get rewarded.

Ask a piece of advice from a student volunteer and gain a token. Three tokens will earn you one single-serving scoop of UConn’s award-winning, campus-made ice cream at either the Dairy Bar or at the Dairy Bar ice cream truck today.

The Inside Scoop is restricted to our admitted students for use at UConn Bound Day only.

Everyone can benefit from taking the time to examine their options, whether they’re completely undecided or already declared. However, preconceived assumptions and myths about majors prevent students from being able to take full advantage of the process. This presentation will focus on the importance of elevating the student approach to major exploration by acknowledging and correcting these misconceptions and demonstrating that choosing a major isn’t quite so major.

**Navigating Your First Year: First Year Programs, Academic Achievement Center, and Learning Communities**
Student Union Theatre (SU, E4)
10:00 a.m. and 11:30 a.m.
This presentation addresses UConn’s nationally recognized approach to holistic student development through First Year Experience (FYE) courses, Peer Mentoring, the Academic Achievement Center, Supplemental Instruction, and Learning Communities. With over 90% of first-year students enrolling in FYE and its offerings, these personalized programs help students transition from high school to college and make the most of their education at the University of Connecticut.

**Learning Communities**

**Learning Community Showcase**
Peter J. Werth Residence Tower (WRT, E3)
11:00 a.m. – 2:00 p.m.
At UConn, 44% of incoming first-year students choose to participate in a Learning Community. Join us to find out why! Explore which Learning Community might fit you best by engaging with a student panel; talking with faculty, staff, and students from each community; touring Werth Tower; checking out the UConn Innovation Zone; and seeing what ground-breaking projects students are working on.

**About Learning Communities**
New students can opt to participate in a faculty-led Living-Learning Community or join a non-residential Learning Community when they enter UConn. With 34 Learning Communities, 20 of which are residential, there are options for students in any major or plan of study. Participants take courses and engage in a year-long integrated program that leads to stronger faculty bonds, closer friendships, increased leadership and undergraduate research opportunities, as well as field trips and study abroad opportunities tied to academic interests.
